VOL. 45, NO. 43.

## CITY'S FIRST 'DOLLAR DAYS' START TODAY

### Around the Square

Thanks should be extended the city and Warren Southwest Inc. for completing the street work in time for Dollar Days. Proof of their cooperation came Tuesday night when workmen toiled into the evening to finish the business-district streets.

The PE triangle will have to remain "as is" through Dollar Days. Councilman Noren Eaton and Assistant Street Superintendent Verne Udell investigated the possibility of cleaning up the triangle, but found it would not be feasible until after the grading is established and the sidewalks in.

**THERE'S ONE BORN EVERY MINUTE-DEPARTMENT:** Olie Arnold of Arnold's Hardware did us one better last week on our "Sidewalk Engineers" membership cards. He sold several of the free and, we assure you, absolutely worthless cards for \$1 each.

Hmmm! Guess we just don't know a good thing when we see it.

We understand, though, that Mr. Arnold refunded the money to his suckers—or, customers and explained how it was all just a gag.

There have been several rattlesnake reports in the past few weeks, and the last one was a real whopper—it had 10 rattles. W. G. Evans, 360 Foot-hill, reports that his wife found it lying under an orange tree while moving her garden hose. Needless to say, the rattler has now joined his comrades in reptile heaven.

It was an encouraging sign to see that the Japanese Peace Conference in San Francisco was opened Tuesday evening by several moments of "silent prayer and meditation asking success of the meetings." The world's getting on the right track, certainly, but why can't the prayers be raised BEFORE several million men are slaughtered?

### S. M. Toyloan On TV Show?

Pictures of Sierra Madre's Toyloan may appear on a television show next Tuesday, Sept. 11, Channel 5 (KTLA) at 10 p. m.

The word "may" is used because no one—except the producers—know which of the toyloans in Los Angeles County will be shown. Pictures of Sierra Madre's were taken last summer, however, according to Mrs. Clyde Hoover, chairman.

The TV program will show toyloans and community coordinating councils in action, telling the aims of these organizations and the benefits to the public they perform.

During the vacation trip of Mr. and Mrs. Hoover, Mrs. Arthur Hewitt is serving as toyloarian of the local group.

SIGNALING THE START of Sierra Madre's Dollar Days, Sept. 6, 7, and 8, Don Jackson (left), promotion chairman, and Gretchen Conzelman hang window-display poster drawing attention to the gala merchandising event. Some 70 local stores and business houses are cooperating in this the first city-wide Dollar Days ever held in Sierra Madre.

## Street Dance Set For Friday Night

### MERCHANTS TO BLOCK OFF KERSTING COURT DISTRICT

Sierra Madreans and "out-of-towners" will come together tomorrow evening, Sept. 7, for a street dance to be held in the heart of the business district.

Kersting Court will be blocked off at 9 p. m., and dancing will continue through 11—or later—according to Sid Westfall, dance chairman of the Businessmen's Association.

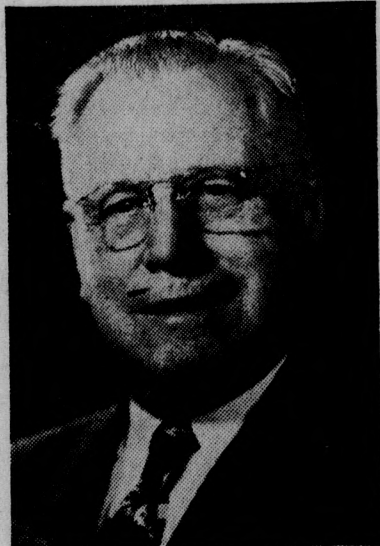

Numerous intermission entertainment acts are being planned by Ralph ("Pappy") Welch and Shirley ("Candy") Wilson. The novelty acts, including local talent, will be emceed by the jovial Mr. Welch. A third member of the merchants' street dance committee is "Rusty" Retsuk of Rusty and Anne's Malt Shop.

Mr. Westfall pointed out that although the street dance and entertainment are being presented as a feature of Dollar Days, everyone in the San Gabriel Valley area—shopper or not—is invited to come.

"We especially hope the young folks will take part," he said. "They always form the nucleus for any dance."

Since all Sierra Madre stores are remaining open Friday night until 9 o'clock, it is hoped shoppers will stay for the street dance immediately following.

To make it a complete "fam-

RALPH "PAPPY" WELCH  
... emcee

ily night," shoppers' youngsters under 12 have been invited to see a free show at the Sierra Madre Theater.

## It's 'Back to Books' Thursday for Pupils

Sierra Madre's City School will open its year next Thursday, Sept. 13, with a full day of classes.

Local youngsters will step immediately from the care-free frolic of summer vacation to the responsibilities of school.

Superintendent Charles A. Skutt said members of the Sierra Madre Parent-Teacher Association will be on hand in the morning to direct returning and new pupils to their classrooms.

"All I can say now is that registrations still are coming in heavily," said Superintendent Skutt when asked about next year's enrollment figures. He hinted, however, that the total registration would be higher than the 1950-51 school year.

Meanwhile the teaching staff at City School will take part in two "important meetings" on Tuesday and Thursday of next week, Mr. Skutt announced.

At one, teachers will learn more about the United Nations

### 'It Was,' Rules Judge Mead

Was it or was it not a speed contest?

John William Lloyd of Arcadia and Wesley R. Kellogg of Pasadena both insisted it wasn't. Officer Robert Heasley said it was.

"It was," ruled Judge John C. Mead after 40 minutes of testimony.

The youthful motorists were cited after police said they "dug

### SERGEANT GREEN NOW 'OFFICIALLY' BACK IN STATES

Sgt. Norman Green is now officially back in the United States.

Although the Marine Corps airman has been back from a year's service in Korea for nearly two months, his records were misplaced enroute and he was not "officially" returned.

But now everything has been cleared up, and Sergeant Green is stationed at El Toro USMC Base as an instructor in aerial gunnery.

His mother, Mrs. M. J. Green of 334 Grove, and brother, Buddy, visited with him five weeks while he was being processed and reassigned at Treasure Island.

### Local Man Overseas in Air Force

T-Sgt. Earl J. Remington, son of A. J. Remington, 65 Sierra Madre boulevard, Sierra Madre, Calif., has been transferred to an Air Force Overseas Replacement Depot. Previous to his transfer, he had been assigned duty as Chief of the Message Center of the 3894th School Squadron which has administrative headquarters at Maxwell Air Force Base. He and Mrs. Remington have been making their home at 101 Turner Place, Montgomery, Ala.

The Air University, with headquarters at Maxwell Air Force Base, Ala., is commanded by Lieutenant General Idwal H. Edwards.

### STREET REPAIR FINISHED IN TIME FOR DOLLAR DAYS

Resurfacing of Sierra Madre's business district streets was completed Tuesday night—in plenty of time for Dollar Days which begin today.

Black-topping crews of Warren Southwest Inc. worked into the evening Tuesday to finish the Baldwin-Sierra Madre boulevard-Kersting Court part of the project.

The remaining strip of Bald-

### BETTER 'DRESS' STRIPPED CARS

Owners of hot rods and stripped-down cars had better begin thinking about replacing those fenders—or reasonable facsimiles thereof—the California Highway Patrol reminded them this week.

Beginning Sept. 22 the patrol will enforce a newly-added section to the state vehicle code requiring all vehicles to be equipped with fenders, flaps, covers or similar devices. The only exceptions are vehicles weighing less than 1500 pounds and those not requiring registration.

### U. S. Delegate To Report on Trip Abroad

A "Report from Switzerland" will be presented Wednesday afternoon, Sept. 12, by Margot Felice Woodworth, 522 W. Sierra Madre boulevard, who this summer was one of four Senior Girl Scouts in the nation chosen to represent the United States at the annual international encampment in Abelloden, Switzerland.

Miss Woodworth and the

### MRS. CULBERTSON SETS NEW U. S. PISTOL RECORD

Mrs. Margaret M. Culbertson, 37 W. Grandview, came home with 36 cans of tuna and a trophy Sunday after setting a new national women's record in the .45 automatic pistol slow-fire competition.

Mrs. Culbertson, a kindergarten teacher at Sierra Madre City School, shot a score of 183 out of a possible 200 on the 50-yard range during the Southwest Tuna Pistol Tournament at San Diego last weekend.

The previous record of 174 out of 200 had stood for 10 years.

With the score of 183, the gun-toting Sierra Madrean also won first place in the "Master's Class" of the .45 pistol slow-fire match.

Mrs. Culbertson also increased her own "aggregate" score for the .45 from 819 to 826 out of a possible 900. She now holds five of the seven possible national women's records for the .45 pistol.

Besides the 20 cans of tuna

## 'Mutual Aid' Plan Of Defense Told

The "mutual aid" plan of civilian defense was discussed last Wednesday night at the first fall meeting of the Sierra Madre Civil Defense Council.

Mayor William A. Kinney, CD director, explained the new organization which divides Los Angeles and Orange Counties into areas. Sierra Madre is in Area II which also includes Arcadia, Monrovia, Azusa, Monterey Park, Claremont, and Pomona.

Carl Jones, mayor of Azusa, has appointed coordinator for this area and he in turn will appoint a chief of police, fire chief, etc., to coordinate their activities within the area in case of extreme emergency.

Director Kinney explained that if Sierra Madre had a large fire caused by an atomic

## Merchandising Events Continue Three Days

Offering bargains galore, Sierra Madre's Dollar Days are in full swing today and will continue tomorrow and Saturday, Sept. 6, 7, and 8.

The three-day merchandising event is unprecedented in Sierra Madre's history, this being the first time Dollar Days ever have been attempted on a city-wide basis here.

Spearheading the long list of special attractions are fall and winter women's fashions and back-to-school wear for kiddies and teens.

Sierra Madre merchants have spared no expense in offering the "best for less" during these three days of season-end values. Several businessmen have received special orders from the East Coast, and manufacturers and "jobbers" have literally been combed to assure shoppers of the best in Dollar Days bargains.

Values range from bird cages to sport shirts for a dollar, and local hardware stores offer excellent buys in everything from clothespins to refrigerators. The big sale comes at an opportune time for women shoppers who can go home with a complete line of fall fashions at reduced prices.

Sierra Madre nurseries are offering timely buys for fall planting, and cleaning establishments have special Dollar Days features.

Local food markets have promised housewives a little relief from prevailing high food prices during these three days, and even Sierra Madre restaurants are offering luncheon and dinner specials.

A street dance is planned for tomorrow night, Sept. 7, when stores—including food markets—remain open until 9 o'clock. Dancing will continue from 9 to 11, and intermission entertainment acts are being arranged by Ralph ("Pappy") Welch.

### Businessmen Hear Reports Of Committees

Committee reports on various phases of Dollar Days were heard yesterday morning at the regular breakfast meeting of the Sierra Madre Businessmen's Association.

Making reports were Sid Westfall, dance chairman; Don Jackson, promotion chairman; and V. Hall, parking chairman. President Harold Stein, praised the work of the Dollar Days committee and asked the group to remain on as a permanent advertising and promotion committee of the association.

Members of the merchants' organization felt they should adopt a simple set of bylaws and rules for procedure to govern their twice-a-month meetings. Plans for the next merchandising event in Sierra Madre will be discussed when the association meets again, Wednesday, Sept. 19.

### Episcopalians Will Greet British Bishop

The Rt. Rev. Cyril Eastaugh, D. D., lord bishop of Kensington, London, will celebrate the 7:30 Mass and will preside and preach at the 11 a. m. High Mass at Church of the Ascension Sunday.

Bishop Eastaugh, who is returning to England after an assignment in Australia and New Zealand, will be the guest of Mr. and Mrs. John Powell, 800 E. Grandview, during his visit in Sierra Madre.

Among the Sierra Madreans who will be especially glad to welcome the bishop here is Dean Arnold H. Bode, rector, emeritus of Church of the Ascension, who formerly was the curate of the bishop when he was rector at the large church, St. John the Divine, in Kensington, London.

Bishop Eastaugh is one of six British bishops commissioned as envoys to carry the 250th birthday greetings from the Society for the Propagation of the Gospel in Foreign Parts to areas where the Church of England maintains activities. His particular mission was to Australia and New Zealand.

Following the worship services Sunday, a coffee hour will be held in the patio of the Parish Day School to greet the bishop.

### MORSE RETIRES, MACKIE TAKES OVER AGENCY

After 19 years as a newspaper agent in Sierra Madre, Art Morse, 306½ Mariposa, retired from active business life Saturday, Sept. 1. Taking over Mr. Morse's business is William R. Mackie, local police officer.

Mr. Mackie, who lives at 33 N. Mountain Trail, assumes the "distributorship" of four daily newspapers—the Los Angeles Daily News, Examiner, Herald-Express, and Pasadena Star-News.

Headquarters of the circulation agency still will be at the rear of Ralph's Family Shoe Store, 41 N. Baldwin, for the present.

Mr. Mackie, a Navy veteran, has been a member of the Sierra Madre Police Department for 3½ years. Last Friday, incidentally he became a father for the fifth time. His wife gave birth to a daughter, Ellen Maria Mackie. The Sierra Madre couple also has four sons.

Mr. and Mrs. Loren Lovelady of Highland, Kansas, were guests of their cousin, Mrs. H. A. Thew of 70 Windsor Lane, last week.

### Services Today For Pasadena

Services will be held today, 2 p.m., at Grant Chapel for Harold Leslie Field, 344 Vista avenue, Pasadena, who died Monday, Sept. 3.

Mr. Field, formerly of Philadelphia, had been a resident of Pasadena two months.

He is survived by his wife, Beatrice; two daughters, Elaine M. Geffries of Pomona, and Joyce May Field of Pasadena, and several other brothers and sisters living in the East.

The Rev. Carl Smith will officiate over the funeral services today. Interment will be at Live Oak Cemetery in Monrovia.

IN HIGH SPIRITS after flight from Washington, President Truman smiles broadly as he is greeted in San Francisco by Secretary of State Dean Acheson before opening of Japanese peace treaty meeting. Acheson is less jaunty due to prospects Russia may try to throw monkey wrench into machinery of conference. (International)

### WRITER PROPOSES NEW 'APPROACH' FOR CLINIC

BY W. HENRY McMILLEN

The nature of a clinic is much like that of a laboratory in that its activities are experimental—fluid—subject to change.

After having discussed the Clinic of Sierra Madre with several people, I am convinced that the broad, general approach to our aims, as suggested in earlier articles, is not the best tactic. We should start off on a more detailed note.

Something concrete, such as determining the various points to consider regarding personality faults and defects in character. These little items always seem to be very elusive things to discover—in ourselves.

In others, the task is not so difficult. In fact, many persons find it a pleasure. So the preliminary step of study by the Clinic of Sierra Madre will be an easy one.

Our initial endeavor will be the compiling of a catalogue of various faults of personality and character defects. Then, under each one listed, we shall try to list all the different symptoms which reveal the existence of that specific type of imperfection.

We must recognize symptoms before we can attempt any diagnosis or suggest any treatment.

And, since self-analysis is dependent upon knowing what to look for—and since self-inspection is so apt to be biased,

we can be assured of a more honest, reliable listing of imperfections, along with their respective symptoms, by observing and studying others, taking inventory of our close friends, neighbors and relatives.

Of course, for goodness sakes, don't let any of them know you are doing this. We certainly don't want our Clinic of Sierra Madre to start off as a 'mutual insulting society.'

And, naturally, when you send in your letters to the clinic, you will never give any idea as to whom your reports are on, nor age, sex nor other clue to identity.

Once a sufficient number of letters have been received, we shall be able to compile a composite picture of problems and their symptoms, and this will be our own yardstick for self-measurement—for determining what particular faults we have that may be preventing us from enjoying our full measure of happiness.

Now the question has been asked: "How can I know exactly when, or which ones, of my traits of character are causing me any unhappiness?" "You may tell very easily. Does the act, or thought, of spoken word, remain in your mind? Or return to your thoughts later—in remorse—in regret—in increased anger at the object of such act, thought, or spoken word, or even in anger at yourself for having been 'that way'."

There are many others, but these are the principle ones you will recognize. How many of us can dare to claim we are free from all these causes of unhappiness?

### Kiwanians See Safety Movie

A film on "Highway Safety" was shown Sierra Madre Kiwanians at their regular luncheon meeting Tuesday noon.

Co-chairmen for the program were Charles Hostetter and Dr. Frank Page. The film was presented through the courtesy of Safeway Stores, of which Mr. Hostetter is local manager.

### PERMITS FOR 19 HOUSES PACE BUILDING MONTH

Paced by permits for 19 new houses, Sierra Madre's city building inspector reported another big month of construction activity. Building permits during the month of August totaled \$131,295, bringing the year's total-to-date to \$1,180,943.50. This is \$49,922 more than August of 1950 and \$334,343 more than last year's total at this time.

A large chunk of the house construction came from the Hanson Subdivision on Edgemoor, formerly known as Burr Oak Drive. These seven permits were for \$9200 each.

Building Inspector William Lees said permits for more than \$500 were issued to the following during last month:

William Schwartz, to add a washroom at 282 E. Highland, a permit for \$500; Donald C. Parker, to build a house and garage at 193 Oak Meadow Road, permit for \$21,000; Southern California Edison Company, to remodel the Sierra Madre office at 40 N. Baldwin, permit for \$2000; C. D. Tolle, to add a 8x16 foot den at 539 E. Grandview, permit for \$1000;

A. J. Valmassoi, to build a house and garage at 642 Fairview, \$11,800; Harold Spears, to construct house and garage at 420 E. Grandview, \$8000; Mrs. Merriman, to alter a dwelling at 109 1/2 E. Laurel, \$500; Jim S. Brigham, to erect a dwelling and garage at 85 Monterey Lane, \$10,000; Ray Duran, to alter a dwelling at 293 W. Mariposa, \$1200; E. T. Schrotzberg, to add to dwelling at 310 Toyon

Road, \$4000; Mr. and Mrs. George Rossel, to build a house at 80 Coburn avenue, \$4500;

E. W. Lawrence, to build a house and garage at 72 W. Carter, \$8000; Harold Dapper, to erect a house and car port at 330 Foothill avenue, \$6000; Mr. and Mrs. Crandal, to add a room and roof patio at 1950 Oakwood Drive, \$1200; C. H. Johnson, to build a house and garage at 400 W. Highland, \$10,000; W. D. Thurber, to construct a dwelling at 480 Manzanita, \$6000; J. C. Gates, to alter a house at 391 W. Sierra Madre boulevard, \$700.

W. W. Gildersleeve also was issued permits for four houses. The permits, each for \$8000, were for 33 N. Hermosa, 230 W. Montecito, 220 W. Montecito, and 210 W. Montecito.

### BAY AREA VISITORS

Mrs. Maybelle C. Barker and Miss Florence Peterson returned Friday from a week of sight-seeing in San Francisco, where they were guests at the Hotel Fielding.

# It's Back to School Next Week

## ASCENSION DAY SCHOOL OPENS NEXT WEDNESDAY

Pupils of Church of the Ascension Parish Day School will pick up their books again following their summer vacation next Wednesday, Sept. 12. An enrollment of 115 boys and girls is anticipated.

Sister Noel, C.S.M., school principal, said, however, that although students of grades 1 through 8 will report on Wednesday, Kindergarten pupils do not come until the next day, Thursday, Sept. 13.

The school will be on half-day sessions during Wednesday, Thursday, and Friday, Sister Noel explained, pupils attending classes only in the morning. On Monday, though, the school will be back on its regular full-day schedule, with the exception of first graders who will continue half-day sessions through Oct. 1.

Sister Noel announced that a new teacher, Miss Marguerite Henry, will instruct the fifth and sixth grades and be in charge of chorus work with the lower grades.

Another addition to the Parish Day School staff is Harry Link, athletic coach.

### DIRECTORS MEET

Board of Directors of the Sierra Madre Kiwanis Club will meet this evening, Sept. 6, at the home of John Conzelman, vice-president, 658 Mariposa.

## LOCAL STUDENTS WILL ENROLL AT OCCIDENTAL

Two students, residents of Sierra Madre, are among the 60 from the San Gabriel Valley area who have been accepted for admission to Occidental College, according to Florence N. Brady, registrar.

Entering Occidental from Sierra Madre are Leonard A. Kline of 773 Woodland Drive, son of Mr. and Mrs. Emanuel Kline of Philadelphia, Pa.; and Beverly Stunden, daughter of Mr. and Mrs. F. E. Stunden, 419 W. Grandview.

Registration will take place on the campus Thursday and Friday, Sept. 13 and 14, and classes will begin Monday, Sept. 17. New students will be honored guests at a reception to be given by President Arthur G. Coons and Mrs. Coons at their campus home Thursday, Sept. 13, at 8 p. m.

## MUIRITES REGISTER MONDAY, START CLASSES TUESDAY

Monday, Sept. 10, is registration day at John Muir College, and regular classes will begin Tuesday.

Dr. Archie Turrell, principal at Muir, said returning students whose last names begin with A through K register between 8:30 and 10:30 Monday morning. Pupils with last name initials L through Z register between 12:30 and 2:30 p. m.

Freshmen will make out their programs with their "core" teachers. "Core" classes are a combination of English and history, Dr. Turrell explained.

All students also have been advised by mail on the procedure for registration at Muir.

## School Starts Monday at Junior Highs

School bells will toll Monday, Sept. 10, at 9 a. m., for students of John Marshall and Woodrow Wilson Junior Highs.

Sierra Madreans of the 9th and 10th grades will attend Marshall, while local residents of the 7th and 8th grades will enroll at Wilson.

Dr. Charles Wilson, principal at Marshall, said there are "certain cases," however, when 7th and 8th graders who have older brothers or sisters at Marshall may also register there.

Pupils will report promptly at their respective schools, pick up their program cards, and go immediately to class.

At both schools bulletin boards in the halls will show students where to go to get their class-program cards.

The school secretary at Wilson estimated that 125 youths from Sierra Madre would be enrolled for that school.

## YOUTHS ENROLL AT COLLEGES

Fall college plans of two Sierra Madre youths were announced this week.

Chan Wilcox, 21-year-old son of Mr. and Mrs. William B. Wilcox, 312 E. Grandview, will enroll as a sociology major at Santa Barbara College.

Miss Joyce Lange, daughter of Mr. and Mrs. Harry A. Lange, 529 W. Laurel, hopes to register for the fall semester at Whittier College.

## Junior High Bus Schedules Remain Same

Bus schedules for Sierra Madre students attending John Marshall and Woodrow Wilson Junior High Schools are "virtually the same" this year as last, according to J. C. Spahr, assistant director of building and grounds for the Pasadena City Schools District.

Mr. Spahr said departure and arrival times of the buses for the fall semester will be almost identical with the 1950-51 school year.

He called attention, however, to the fact that Wilson school now will have Sierra Madre pupils of both the seventh and eighth grades, whereas they had only seventh graders from here last year.

Copies of the bus schedules to and from Sierra Madre may be obtained at the main offices of both Marshall and Wilson, Mr. Spahr said.

## PCC Explains New Way of Registration

A new procedure for registering at Pasadena City College was announced this week by R. W. Grinstead, registrar and director of admissions.

Students expecting to attend PCC may enroll at any time on Monday, Sept. 10, between 8 a. m. and 4 p. m., but will be required to report prior to 2 p. m. if they wish to complete their registration on that day, Dr. Grinstead said.

Complete information on where to go and what to do will be handed students when they appear at the Administration Building of the college.

In the past, Dr. Grinstead explained, students were assigned to either an 8 a. m. or 1 p. m. registration period which caused an inconvenience to some students.

Under the new plan, he said, students may arrange their day's schedule to suit themselves, within the hours specified above.

Another innovation, according to the registrar, is that students may pay their student body fees and purchase their books at the student bookstore during the week prior to registration day (today or tomorrow). The bookstore has posted lists of the books required in each course in the upper division.

As in the past, Dr. Grinstead pointed out, many of these books may be purchased second-hand, thereby saving the student a considerable amount of money.

## New M-D High School Pupils Register Now

With busses running on regular schedules and the cafeteria open for business, Monrovia-Duarte High School, its classrooms and corridors scrubbed and shining, will open its doors to new and returning students at 8 a. m. Tuesday, Sept. 11.

Students new to the district or to the high school are urged by Principal Max L. Forney to register between the hours of 8 and 12 today and tomorrow. Counselors will be available only during these hours.

O. L. Miner, in charge of locker keys, will issue keys to students on the following days previous to the opening of school: Wednesday from 8 to 12; Thursday from 8 to 12; and Friday from 8 to 12 and 1 to 4.

## JEROME HIRED AS BUS DRIVER

A school bus driver was hired by the Sierra Madre City School District at a meeting of the School Trustees last Wednesday night, Aug. 22.

Employed for the 1951-52 school year was Frank R. Jerome, according to Howell N. White Jr., president of the board.

## ST. RITA'S SCHOOL SEES NEW RECORD ENROLLMENT

A record enrollment of between 240 and 250 pupils will report for classes at St. Rita's Parochial School Thursday, Sept. 13.

The school, which offers instruction to boys and girls of the first through eighth grades, last year enrolled approximately 200 students. The 200

was an all-time high at that time.

Only teaching staff change is Mother M. Athanasia, O.S.F., who replaces Mother M. Clement as principal of the parochial school.

Mother Athanasia also will teach the seventh and eighth grades.

## OPEN DOOR TO HEALTH

Ralph Martin, D. C.

28 W. SIERRA MADRE BLVD.  
HOTEL ARCADE, CU. 5-1138

WHY DO SO MANY PEOPLE LIKE CHIROPRACTIC TREATMENTS

Answer:

1. They want health without submitting to shots or surgery.
2. They realize that their bodies require mechanical adjustment occasionally to keep them fit and feeling good.
3. They realize that diet, vitamins, minerals and proteins are important for health but they seek experienced counsel from professional men who do not give shots.
4. They know that reputable and conscientious chiropractors specialize in natural methods of healing, but are also well trained in diagnosis and will refer their patients for surgery or specialized treatment when indicated.
5. They know that chiropractors are not satisfied with pain killers and other palliative measures. They know that chiropractors characteristically seek to find the basic cause of pain and disease and treat the CAUSE rather than the symptoms.
6. Discriminating people are turning more and more to chiropractic as the healing METHOD OF FIRST CHOICE because chiropractic has proved itself in over 55 years of increasing public favor.

\* 30 million chiropractic patients can't be wrong!

\* People who know what it means to feel GOOD, visit their chiropractor regularly.

\* Chiropractic. It must be remembered, has developed through its success with cases where other methods had failed.

\* If you want to enjoy health at its optimum, visit your local chiropractor at regular intervals.

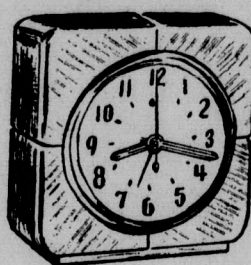

\* If you are looking for a sensible and scientific road back to health, visit our local chiropractic offices where all standard diagnostic procedures are used, plus chiropractic analysis and treatment.

# THIS Week in Television

—EFFECTIVE SEPTEMBER 6 THROUGH SEPTEMBER 13—

## Look... Hear, Now!

BY STUART AND JANE HEINEMANN

That TV program fare is determined by what the station managers think the public should have rather than by what the set owners want was made evident today by the trend away from old films. Yes, the flickers are starting to flicker out—not because they are less popular with viewers—they are just too expensive to carry.

Just how much the public prefers an old feature film to a new, live show that is less than a top production, can be judged by the ratings on Al Jarvis' afternoon program on KTLA-TV. To break the live routine of the marathon five-hour show, an old feature film is inserted at 3:00 p. m. daily. Now, this film is a talking picture, which is about as much as you can say regarding its age. Just barely a "talkie." And it has been shown on TV probably ten times. But as soon as the picture goes on Jarvis' rating takes a big jump. When the final fadeout comes the rating falls back.

This would seem to prove that movies are great audience grabbers. Station managers are discovering, however, that newer films are too expensive and sponsors are deserting them in favor of live shows. KTLA, which has continued to hold the audience lead, is cutting picture showing by 35 per cent. KTLA refuses to show more than two or three feature films a week. The two other network stations, KTSN and KECA, are extending little effort to get more feature film footage. Incidentally, KECA's "Triple Feature" Monday night extravaganza has slipped badly and may soon bow in audience to KTLA's "Million Dollar Monday Movie Night."

KTTV has a lot of expensive footage on hand. KFI-TV, however, probably will drop its heavy film schedule in favor of live shows when the new KHTV management takes over.

The success of KTLA's live shows should prove once and for all that TV doesn't have to be the final resting place for old movies. In the space of a few months Klaus Landsberg has moved his "Frosty Frolics" up among the first shows and sold it for a big fat sum to the vitamin hucksters. This was accomplished by real hard work, thinking and planning, the constant addition of new talent, sets, etc.

One reason old films have been used so widely is their ease in handling. A good live show means a lot of work. If the trend away from films continues a lot of program directors will find the honeymoon is over and they'll have to earn their salary.

Speaking of vitamin hucksters, the pill business in Southern California is spending such gigantic sums of advertising money that it's hard to believe. One vitamin company is spending about \$1,000,000 in Los Angeles alone, a great part of it on TV. "Spade Cooley" and "Frosty Frolic" is costing one of them more than \$9000 a week.

Southern California is definitely on a vitamin "kick." Doctors who tell their patients that they don't need those expensive pills are being told by their patients: "Don't be silly, doc. Look what they've done for Leo Garibaldi!"

### CAPSULE CRITIC . . .

The best example of what Hollywood can contribute to television is the "Amos 'n Andy" Show. Its creators spent two years preparing for the transition from radio to TV. No radio show, with the exception of "Burns & Allen," has made the change so neatly. It's a lesson in planning Jack Benny Should have made.

"Amos 'n Andy" is Hollywood at its best: painstaking character selection, excellent writing, artful production, skillful filming. Judging the show after its several weeks on KTLA and the CBS network, it is safe to predict that it will become a national institution.

Experienced movie writers are amazed at the amount of story packed into the 30 minute show. "If they can keep up that quality week after week," observed noted screen writer Mel Dinelli, "they may set a whole new trend in motion pictures: 30 minute feature films!"

### COMING ATTRACTIONS . . .

Ada Leonard originates her "Search For Girls" from the County Fair at Pomona, Sept. 20, 8:00 p. m. . . Jackie Gleason returns this Sunday as emcee of "Cavalcade of Stars," KTTV 6:00 p. m. . . "Queen For A Day" debuts on KECA-TV next Thursday, 8:00 p. m. . . Harry Owens and his Royal Hawaiians return Friday, Sept. 14, 8:00 p. m. to KTLA . . . Dizzy Dean on "Faye Emerson's Wonderful Town," this Saturday, KTSN, 9:00 p. m.

## Letters to the Editor . . .

Editor, Sierra Madre News

As the Monrovia-Duarte Evening High School is again opening for another year on September 10, we are reminded of the many services and the assistance you and the Sierra Madre News have given us during the past years.

I am sure that the public has been served by the publicity you have given our classes. We know, because they respond to the classes when they find the announcements in the Sierra Madre News.

Again may I thank you for your kind help in the past and any you can give us in the future.

Sincerely,

THOS. W. GRIFFIN

## Miss Bowers' Wedding Date Announced

The Congregational Church has been chosen for the wedding of Miss Dorothy Eulaine Bowers and Glenn D. Barrick Sunday evening, the ninth of September.

Miss Bowers, a Pasadena City College student, is the daughter of Mr. and Mrs. William Bowers, 686 Brookside Lane.

Mr. Barrick is the son of the Vincent Barricks of Altadena and is stationed at San Diego in U. S. Navy radio.

The reception following the wedding will be held in the church parlors.

## Registration Dates Set for Colleges

Statewide registration schedules for the University of California's fall 1951-52 semester were announced today.

On Berkeley campus students will register starting Tuesday, September 18 with registrations continuing through Thursday, September 20. Instruction begins on Monday morning, September 24.

On the Los Angeles campus all new students will register on Wednesday, September 19. Continuing students may register by mail, not postmarked later than August 24. Such students failing to register by mail must register in person along with new students on Wednesday, September 19. Instruction begins Monday, September 24.

On the Davis campus former and continuing students will register on Thursday and Friday, September 20 and 21. New students will register on Friday, September 21 only. Instruction commences September 24.

At Santa Barbara College returning and continuing students register on Wednesday, September 19 and new students register on Thursday, September 20. Instruction begins on September 24.

## NEW ENGLAND PICNIC DATED

Baked beans and Vermont maple syrup will be the menu for the New England State Societies and New York State picnic being held at Sycamore Grove Park, Saturday, Sept. 15. The program is scheduled for 2:00 p.m.

**SMILES ALL AROUND**—There were smiles all around for Robert E. Watkins, executive director of Southern California Goodwill Industries, 342 San Fernando Rd., and Fox West Coast Theater Usherettes Myra Gordon, 17, left and Janet Welpley, 21, when a group of theater owners donated bagful of their long unclaimed lost and found articles to Goodwill, non-profit employer of some 450 physically-handicapped persons who salvage discarded clothing, furniture, appliances and toys.

## Christened at St. Rita's Sunday

Katherine Sullivan, three-month-old daughter of Mr. and Mrs. Martin Sullivan of Azusa, was christened Sunday at St. Rita's by Fr. O'Malley. Mrs. Sullivan is the former Patty Davidson and the grandparents, Mr. and Mrs. Herbert Davidson of East Sierra Madre boulevard, entertained a few friends following the christening. Little Katherine has a brother, Mark, one and a half years old.

## Worthy Matron of Rogers, Arkansas, Guest in City

Mrs. Tom Cox of Rogers, Ark., is a guest of her son and daughter-in-law, Mr. and Mrs. George Bouvier Sr. of 438 E. Montecito.

Mrs. Cox, a Past Worthy Matron, expects to be in the city several weeks. She is also active in Minerva Club work.

## 'MUTUAL AID' PLAN

From Page One  
under the control of the respective city civil defense directors.

John Conzelman, Sierra Madre's authority on atomic energy, is going to contact Dr. Knowland of Pasadena, regional atomic energy coordinator, regarding what trained personnel and radiation-detection equipment would be instantly available in case of an atomic attack nearby.

E. W. Ward, Red Cross branch chief, stated that he has made a report to the Los Angeles Welfare Division, announcing that in case of disaster Sierra Madre has in its schools, churches, and other public buildings space for 760 beds. But, he added, in case of "dire need," 7200 beds could be accommodated.

Beds and bedding would have to be furnished from the Red Cross or other outside sources, Mr. Ward said.

Dave Sheriff, Dick Ware, and Marcus Woodworth presented a report on a mock disaster problem the Communications Branch of the local CD organization carried on recently, using three of their six mobile radio units and their two walkie-talkies.

Excerpts of a wire recording of messages sent to and from units were played for the local defense chiefs, and Mayor Kinney congratulated the communications branch on the efficient way in which these units can function in case our telephone system is temporarily or partially put out of order.

According to Col. Charles Morrison, publicity director, it was the consensus of opinion at the meeting that the need for an air-tight civil defense plan is more acute now than at any time in the past—regardless of what happens in Korea.

"We still are short 45 per cent of our block wardens, 80 per cent of our required voluntary police force, and 80 per cent of our local California Defense and Security Corps company," said Colonel Morrison.

## Family Circle Now Completed; Makes To Happy Living

When Mrs. Ida Lidstrand of Burlington, Iowa, came to Sierra Madre to make her home at 174 E. Montecito, it completed the family circle. At the same time her daughter and husband, Mr. and Mrs. B. M. Strahl, also of Iowa, came to the city and bought a home on East Sierra Madre boulevard. Mr. Strahl is a retired mail carrier.

The grand-daughter and family of Illinois, Mr. and Mrs. T. R. Bauerle with daughters Ellen and Sue, bought a home last year on Rancho Road. Mrs. Lidstrand says, "I just love it here."

## MRS. CULBERTSON

From Page One  
slow-fire match with a score of 188 out of 200.

Mrs. Culbertson was the only woman competitor in the tournament sponsored by the San Diego Police Revolver Club, most of the other 75 contestants being either Marine or Navy servicemen.

Concerning the trophy, Mrs. Culbertson explained that officials of the tournament had planned to give only tuna as prizes but when they watched her break the women's record, they hustled downtown and had the trophy made.

## IT'S BACK TO

From page one  
material available for school use and the methods of presenting this material. A speaker from the United Nations Chapter in Pasadena will lead the discussion.

"The Place of Science in Elementary School Curriculums" is the subject of the second meeting. Teachers and administrators will exchange ideas on both this subject and the UN teaching aids.

SIERRA MADRE NEWS—5

## Final Rites Wednesday at St. Paul's Church

Requiem Mass was said for Mrs. Frances Virginia Brown of 307 N. Baldwin avenue, Wednesday morning at St. Paul's in Los Angeles. Mrs. Brown, who has not been in good health for the past year, resided with her son, Sidney Brown and family of the Baldwin address since the death of Mr. Brown five years ago.

Mrs. Brown, born in Chicago, came to California in 1913 and lived in Los Angeles. She was very active in cultural groups; a past president of the Catholic Womens Club of Los Angeles.

## U. S. DELEGATE

From Page One  
three other girls represented more than a million and a half Girl Scouts of the United States.

The teenage quartet received awards from the Juliette Low World Friendship Fund to take part in "The Chalet" July 25 to August 15.

Margot, a member of Sierra Madre Girl Scout Troop 3, will describe her trip at a reception from 3 to 5 p. m. in Pritchard Hall of the Congregational Church next Wednesday.

Sierra Madre Girl Scouts are inviting all scouts and members of the San Gabriel Valley Girl Scout Council special guests, and the public also is invited.

Joycene Thompson, another local Girl Scout selected for national honors this summer, will tell about her trip as a delegate to the National Camp at Wind Mountain, Wash.

You'll be  
hot water  
happy, too!

—WITH  
AUTOMATIC

**GAS**

WATER  
HEATING

- ✓ It's 3 times faster
- ✓ You spend less to operate
- ✓ You spend less to install

Here's minimum size  
AUTOMATIC  
GAS WATER HEATER  
your family needs:

Number Bathrooms	Number Bedrooms	Gallons Storage
1	1 or 2	30
1	3 or 4	40
2	2 or 3	40
2	4 or 5	50
3	3	50
3 or 4	4 or 5	75

Approved by Pacific Coast Gas Assn.

Long luxurious showers . . . or a tub brimming with hot water! However you like to bathe, you're hot water happy when you heat water with gas. Gas keeps your hot water supply ready for instant use the year round. It's three times faster than any other practical fuel . . . is so speedy there's no waiting. Automatic gas water heating easily keeps ahead of the demands of automatic clothes washers, dish-

washers and even a growing family. If you aren't enjoying hot water plenty, your present storage tank may not be large enough for your needs. The approval sizing chart at left gives recommended sizes. You'll find that new automatic gas water heaters cost less to buy . . . and far less to operate. See any dealer or your Gas Company for the correct size automatic gas water heater for your home.

# Children of Shoppers May See FREE Show Friday Night

## YOUNGSTERS UNDER 12 GET IN THEATER FREE

Children of shoppers downtown tomorrow night for Sierra Madre's Dollar Days bargains are invited to a free show at the Sierra Madre Theater.

Boys and girls under 12 years of age will be admitted free of charge to the regular Friday evening show, according to Harold Stein, theater owner.

Billed for tomorrow night are "Excuse My Dust," starring Comedian Red Skelton, and "Strangers on a Train," with Robert Walker, movie star whose death last week shocked the entire nation.

"We're trying to encourage everyone to come downtown and shop during Sierra Madre's Dollar Days, and we hope the 'free show' for youngsters will enable more parents to come Friday night," explained Mr. Stein in making the announcement.

Stores will remain open until 9 p.m. Parents will then be able to take part in the all-city dance in the Kersting Court triangle area until it's time to pick up their children after the show.

## Playhouse Closes Down for Vacation

With the final curtain of "Broadway Jones" at Pasadena Playhouse on Sunday night, Sept. 2, the 17th annual Mid-Summer Drama Festival was written into history and Playhouse forces have earned a month-long vacation period.

Fall play slate at Pasadena is scheduled to open Monday, Oct. 1, with Fay Kanin's hit comedy, "Goodbye, My Fancy," as the attraction. The authoress herself will play in the lead role under Lenore Shanewise's direction.

## R. W. Lees' Host Local Couples

Six Sierra Madre couples were among the 20 guests at a dinner party Saturday night at the Richard W. Lees home on Ocean Avenue in Long Beach.

Mr. and Mrs. Lees last year moved from Sierra Madre to take up residence in Long Beach. Mr. Lees was associated here with the T. W. Neale firm, 66 W. Sierra Madre boulevard, and was active in Boy Scout work.

## Legal Notices

### CERTIFICATE OF BUSINESS Fictitious Firm Name

The Undersigned do hereby certify that they are conducting an eating and periodical business at 15 Kersting Court, City of Sierra Madre, County of Los Angeles, State of California, under the fictitious firm name of Sierra News Stand and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Mr. Hank Mann, 590 W. Sierra Madre Blvd., Sierra Madre; Mrs. Dolly Mann, 590 W. Sierra Madre Blvd., Sierra Madre. Witness their hands this 4th day of September, 1951.

Dolly Mann  
Hank Mann

State of California )  
County of Los Angeles ) ss

On This 4th day of September, A.D. 1951, before me, a Notary Public in and for said County and State, residing therein duly commissioned and sworn, personally appeared Hank Mann and Dolly Mann, doing business as the Sierra News Stand, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

In Witness Whereof, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

John L. FitzGerald  
Notary Public in and for said County and State.

My commission expires April 19, 1955.  
Sept. 6-13-20-27, 1951.

## A Mixed Foursome for the County Fair

Gloria Ward, attractive 18-year-old coed at Mt. San Antonio college and a leading 4-H Clubber, is shown here with samples of the various kinds of livestock she raises. Last fall Gloria had some 60 entries in the Junior division at Los Angeles County Fair and left with an arm full of ribbons and trophies. Again this year she will be a prominent exhibitor of both large and small stock as well as articles in the domestic arts section.

## All-States Picnic Planned September 9

Thousands of former residents of each state in the Union will meet at Bixby Park, Long Beach, Sunday, Sept. 9, for the annual All-States Picnic.

State societies having the largest registration will be presented a trophy at 3:30. The Long Beach Municipal Band will open the program at 1 p. m., and several musical and variety acts are scheduled throughout the afternoon.

## LOCAL YOUNG REPUBLICANS ORGANIZE

An organizational meeting of the Young Republicans was held at the home of Miss Sally Ellis, 733 W. Grandview, last Thursday evening.

Carl Beehner, first vice-president of Los Angeles County Young Republicans, was the speaker of the evening. Dale Stevens was made the temporary chairman until officers are elected. The time of the next meeting, which will be this month, will be announced in this newspaper.

## SIERRA MADRE'S 'CREED' WINS WIDE ACCEPTANCE

Sierra Madre's "American Creed," announced less than a month ago in the NEWS, is being accepted far and wide as an expression of America's demand for a return to the moral, ethical and spiritual values as expressed for years in American history.

This week's issue of "Southern California Business," issued by the Los Angeles Chamber of Commerce, carries the creed with a statement that it originated in Sierra Madre. It also conveys the information that "This Creed is NOT copyrighted. Permission to reprint is freely given."

A number of large firms, belonging to the L. A. Chamber,

which issue "house organs," are planning to reprint it.

The Los Angeles Herald-Express plans to use the creed on the editorial page this week.

The editor of "The California Parent-Teacher," issued by the State Parent-Teacher Association, plans to feature the creed

in a forthcoming issue. The same is true of the "California Publisher," issued by the California Newspaper Publishers' Association to more than 350 daily and weekly newspapers in California.

The American Enterprise Committee of the Pasadena Chamber of Commerce has the creed on its agenda for this week's meeting and plans to present it to the Board of Directors of the Pasadena Chamber at an early September meeting.

In the meantime the creed is spreading to other states. Les Balch of South Pasadena Rotary Club has sent copies of the creed to contacts in Minnesota and in Portland, Oregon.

In all cases the word has gone forth that "The Creed" originated with a group of Sierra Madre business and professional men who feel the vital need for more emphasis on the moral, ethical and spiritual aspects of American life. In all cases permission to reprint is freely given.

## Windsor Lane Homes Get New 'Paper'

(Editor's note: A new "news-paper" has made its appearance in Sierra Madre. Entitled "Doings of Windsor Lane," the publication takes the form of a typed sheet and is distributed every week to homes on the lane. The editor, who identifies herself only through the initials "H.M.," is her own circulation department and stuffs the papers under front doors of "subscribers." The paper follows an informal, chatty style and depicts the activities of youngsters living on the block-long street. This week's edition follows:)

**DOINGS OF WINDSOR LANE**  
If anyone in Sierra Madre is lonesome or does not have enough excitement in their hum-drum life, my advice to them is to move to Windsor Lane.

We are blessed with 12 children on this one short street, and we have three lovely porch swings, which the children know how to disassemble and their dads are becoming experts on assembling again.

Now Aunt Bea has one such swing and a half of our dozen asked permission to swing 't' other day—Granted with one provision, swing gently and listen to the record player.

One spoke up, "Religious music?" Yes, says Aunt Bea. The smallest one said, "Is it about Jesus, Jesus Christ?" Oh, yes, says Aunt Bea.

"Well," says our little pitcher with big ears, "my daddy knows him, he talks about him all the time when he gets mad."

Another accomplishment of our healthy dozen is Indian lore. We are awakened some mornings by the tom-toms, Indian yells and dancing. Even little corn-pops of TV hasn't a thing on our youngsters. At these interesting affairs ma's lipstick sure takes a beating as all are well painted. We hope ma doesn't use kiss-proof or the kind that doesn't come off easily.

Then the next morning a sham battle may be in progress. Guns, gunbells, ten gallon hats, etc., are the rage this day, and bang-bang and dead men more than live ones. Now water guns have appeared at last, and woe is the unfriendly man or woman who passes by.

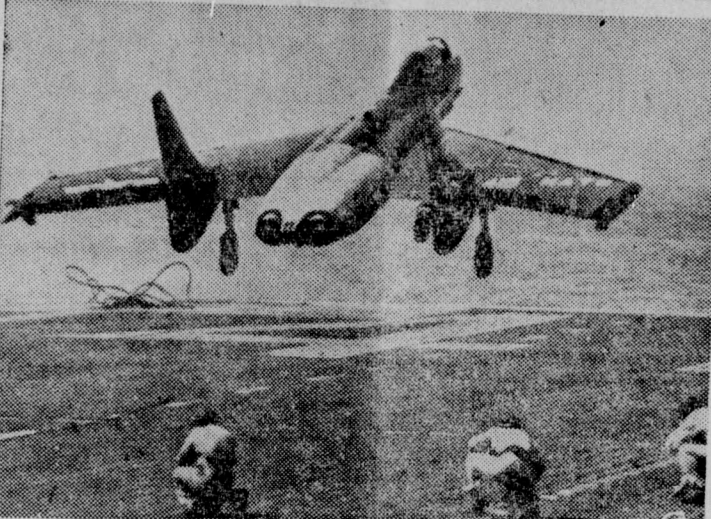

Poor Jean, she has a nice back yard, big with nice grass and shaded by a noble pepper tree. Here is the meeting place of the gang—water fights, mud fights, just plain arguments with lots of crying and poor little Jean comes flying out to dry a tear or shut off the water works. Her life isn't dull anyway, for her never a dull moment.

Then there comes the icebox raiders. Of course hungry fighting men need food and lots of

## NAVY TESTS NEW CUTLASS JET

**RIISING RAPIDLY** after being catapulted from deck of USS Midway, Navy's newest jet plane fighter, the FTU undergoes test and evaluation exercises at sea. Aircraft has gross weight of 20,000 pounds, has wingspan of 39 feet, length of 40 feet. (International)

## IT WAS' RULES

From Page One

out" from near the corner of Baldwin and Sierra Madre boulevard. "They were running side by side when I first saw them," Officer Heasley stated.

He testified that he was unable to clock the drivers so only listed them at the legal 25 miles per hour.

"I also gave them the benefit of doubt on noisy pipes," the Sierra Madre policeman said.

Both drivers were fined \$5, and Kellogg drew an additional \$2 fine because his tail light was not working.

**KILL ATHLETES FOOT**  
"T-4-L Best Seller" says Hartman. HERE'S THE REASON. The germ grows deeply. You must REACH it to kill it. T-4-L, containing 90 percent alcohol, PENETRATES. Reaches more germs. Your 40c back from any druggist if not pleased IN ONE HOUR.

## STORES STAY OPEN 'TIL 9:00 FRIDAY EVENING

### Dollar Days Shoppers Get Use of Lots

Emergency parking will be provided shoppers for Sierra Madre Dollar Days, Sept. 6, 7, and 8, at three separate places. V. Hall, chairman of the parking committee of the Businessmen's Association, said the following three stores and businesses have offered use of their facilities for the expected large turnout of automobiles:

Carl Hansen Ford Agency, 120 W. Sierra Madre boulevard; Safeway Market, 110 W. Sierra Madre boulevard; and the Bank of Sierra Madre, immediately east of the Safeway.

### NATIONAL PARK TRIP

Mrs. Josephine Marr of E. Sierra Madre boulevard, has returned from a trip-vacation in the Sequoia.

### Bicycle Stolen, Found Same Day

A bicycle was stolen from a home in Sierra Madre Friday and recovered in Arcadia the same day.

An unidentified man, who gave his address as 390 Sycamore Place, complained to police that someone "borrowed" his bike "about an hour ago." He suspected three youths he had seen in the neighborhood.

A few hours later, Arcadia police phoned the local department that the bicycle had been recovered by them.

### CAMERON EXPECTS TO VISIT TOWN

Harold C. Cameron, USN, expects to visit Sierra Madre briefly next month following the completion of a Navy ordnance course in Philadelphia.

The bluejacket hopes to be back in his "home town" around Oct. 15, while he is returning to duty aboard his ship on the West Coast.

### ELKS LODGE OUT FOR HIDES OF LOCAL DEER HUNTERS

Attention, all deer hunters! The Monrovia Elks Lodge wants your hides—er, that is, the hides of your game.

"If we can have the hides of deer killed by Sierra Madreans, we'll pay for having them tanned," said L. H. Perry, 38 W. Laurel, chairman of the lodge's committee on veterans' rehabilitation.

He explained that disabled

### SCHOOL DISTRICT SUBSCRIBES FOR U. N. MATERIAL

In connection with its attempts to further world friendship, Sierra Madre City School District has subscribed to the United Nations Education Service for next year.

Teachers of each grade level at City School will receive monthly material from the UNO publications office.

veterans are "in great need" of tooling leather right now, and the Elks have been providing some of the items requested by state Veterans Administration hospitals.

"Any hide that's not too old to be tanned is fine," said Mr. Perry. He asked ocal hunters to phone Custer 5-6298 if they have deer hides to be donated.

(Editor's note: It is significant to note that the Elks Lodge artfully avoided mention of elk hides—probably a "touchy subject" among the local men.)

The Elks also are collecting old radios, clocks, and hard-wood articles—"anything that disabled veterans can keep busy with"—Mr. Perry pointed out.

### Hurwits Weekend At Boulder City

The Halph Hurwit family enjoyed a "quiet holiday weekend" by motoring to Boulder City, Nevada.

Mr. Hurwit fished in Lake Mead while Mrs. Hurwit and the three children—Alan, 14, Butch, 12, and Biddy, 11—went "rock hunting."

They returned to Sierra Madre Tuesday morning. The Hurwits live at 203 Santa Anita Court. Mr. Hurwit owns Ralph's Family Shoe Store, 41 North Baldwin avenue.

### M-D School Plans Forum

Monrovia-Duarte Evening High School has completed, with the assistance of a committee of civic leaders, a program of eight forum lectures for the coming school year.

The Community Forum again this year is offering eight outstanding lecturers to the public.

Season tickets are available at the school office or the Monrovia or Arcadia Chambers of Commerce. The forum schedule follows:

September 27—"Japan—As- set or Liability"—Cecil G. Tilton.

October 11—"Russia," a documentary film and lecture—George Roney.

October 25—"Argentina— Problem Child of the Western Hemisphere"—Hubert Herring.

November 8—"Germany," a documentary film and lecture—George Roney.

November 29—"The Muddle in the Middle East"—Thomas B. W. Allen.

January 31, 1952—"The Basis for Optimism Today"—T. V. Smith.

February 14—"The Untold Story of Korea and China"—John Morley.

February 28—"How to Be Intelligent on International Affairs"—Alonso Baker.

### Woman Pays \$10 of Fine

"Now I'll have to go without food," sobbed Floy Marie Shupp, 133 California street, Arcadia, as she handed over \$10 to Sierra Madre's City Court Saturday as a down payment on her \$30 traffic fine.

Mrs. Shupp, who was cited for driving 50 miles per hour in a 25-mile zone, going through a stop sign, and not having her car registration visible, exclaimed bitterly:

"I hope the police officer who gave me this ticket is faced with this problem some day." "But you can't break the law and expect to get away with it," said Judge Mead.

Mrs. Shupp's case had been continued two weeks after sentencing. She will pay two other installments on the \$20 left of her fine.

### School to Continue Home Tutoring for Disabled Children

Continued services of a home teacher for physically disabled youngsters were assured by the City School Board last week.

The school trustees rehired Mrs. Lorraine Andrews at the Board meeting Wednesday night. Mrs. Andrews served the school district as home tutor last year also.

### Markets Also Open for 'Dollar Days' Shoppers

All Sierra Madre stores will be open until 9 o'clock Friday evening, Sept. 7, for the convenience of Dollar Days shoppers. An innovation in merchandising events was disclosed this week with the announcement that all Sierra Madre's food markets also will stay open tomorrow night.

Three Hortie-Van searchlights will be stationed at corners of the business district dramatically calling attention to this, the first city-wide Dollar Days in Sierra Madre's history.

Don Jackson, promotion chairman, promises that all local business houses will be fully staffed throughout the evening for the convenience of residents and out-of-town shoppers who are unable to take advantage of the many bargains offered in the daytime, Thursday, Friday, and Saturday.

The same reduced prices will be in effect Friday night—the same values which are holding sway in the downtown area throughout the gala three-day merchandising event.

### WATER DEPARTMENT HIRES EXTRA MAN

On recommendation of Al Freeland, assistant city water superintendent, George Mackanic, 415 W. Highland, was hired last week as a temporary employee in the water department.

### Local Artists To Teach at Art Center

Pasadena Art Center this week announces its new location and affiliation with the South Pasadena Galleries, 1128 Fair Oaks avenue, South Pasadena.

The center will begin its fall term Sept. 24, with two Sierra Madre artists as members of the faculty. Local teachers will be Kenneth Nack and Robert Ellis.

Mr. Nack will instruct two classes in painting; Mr. Ellis will teach a class in landscaping and one in basic design. Other faculty members are David Green, Barbara Neff, Emily Newman, Hanna Michaelis, and Leota Wiegell. Registration for all classes is from Sept. 24-27.

Meanwhile faculty members of the art center will have their own paintings and sculpture work on display at a reception tomorrow, Sept. 7, beginning at 8 p. m.

ONLY person in history to live after running temperature of 109 degrees, Bernard Selden, 54, now recovering in Miami Beach hospital, has temperature taken by Nurse Bea LeMaster. High mark lasted 60 minutes. (International)

## Convertible Dresses Here For Fall '51

Dress fashions appear for the new season in a happy combination of versatility and gentle femininity. With convertible necklines, jackets and other removable extras as well as a wealth of soft drapery creating comfortable wearability from morning to evening, in town or country.

Featured in a crisp array of fabrics, such as wool-and-rayon blends, corduroys, worsted-y looking cottons, jerseys and wools with repp, ribbed or shantung weaves, the star of newest frock fashions is the convertible dress with the coat style and sheath silhouette closely following in desirable appeal for Fall.

Slim and neat in design, many of the most popular of the new convertible dress fashions have a trim decollete or a high-rising neckline that sometimes is an exaggerated knitted turtle neck style and comes complete with a removable jacket.

**JAUNTY SET**  
With a cardigan-sweater style jacket, the ensemble looks jaunty and easy going. Teamed with a figure-molding tailored jacket, the pair give a "one-piece" outlook. And when combined with a tapered loose-hanging jacket, a costume suit effect is achieved.

Other dresses acquire their "convertibility" through the simple maneuverings of their necklines. For instance, glamorous decollete lines can be filled in with dainty scarfs, yokes button in or out to meet the occasion, high jewel necklines invite a variety of jewelry, while open necklines can be unfolded or untied with a mere flick of the wrist.

**OVERSKIRTS**  
The coat dress, ever a season-to-season favorite, looks fresh, new and wonderfully feminine with a diagonal or off-side closing and an apron, tunic or overskirt easing of the skirt. The sheath dress, too, has brand new appeal emanating from softening tunics,

## 'Bells of San Gabriel' Shows Old California

"Bells of San Gabriel," colorful and romantic play of the mission days is being presented today, tomorrow, and Friday (Sept. 6, 7, 8) at Mission Playhouse in San Gabriel.

Early days of California are recreated in this fiesta-drama of music and dance.

The fast-moving play deals with actual events in the early days of the mission and this, coupled with its historic setting and the beautiful songs and dances, make it a perfect vehicle for the San Gabriel Valley Community Theater's fiesta production.

## More Peppers Get Axe

A request for the removal of several pepper trees—reported "completely dead" by the Planning Commission—was referred to Director of Public Works Glen B. Watson for action recently.

A further suggestion of the Planners that all replacement trees on Sierra Madre boulevard be Quercus Ilex Oak was referred to the committee as a whole for final consideration at budget time.

The peppers earmarked for removal were at the south side of the boulevard, east of Michillinda, and at the west side of Mountain Trail, south of the boulevard.

aprons or overskirts. Skirts on newest dresses, both convertible and otherwise, present a wider choice than ever. But whether full or slim, all are softened by deft touches of hipline drapery, stand-out penguins, tunics, all-around pleats or pleats confined to the hemline for ease in walking.

And providing a perfect complement to new, more detailed skirts are the simple three-quarter, push-up and balloon sleeves featured on dresses for Fall.

## Nipped and Tucked Suits Featured for New Season

There's a fresh new label of femininity tagged to suits for Fall assuring them greater individuality and greater variety of styling than for many a season past.

For from neckline to hemline Fall suits are soft and gentle. The look of jackets is nipped and rounded. With first the neck-

lines provoking pleasing eye-appeal. Some are completely collarless and ready for dramatic accessorizing with an ascot or giant size jewelry piece. Some are designed with tiny forward pointing lapels stemming from a collarless back.

Convertible collars are new, filled-in with ascots that may untie to change into lapels or bib fronts, while others are long and capable of easy folding into a high neckline and still other convertible styles have striking asymmetrical lines.

Lower necklines featured for the new season are often outlined with lapels that are extra broad and extra deep. And mandarin necklines, in many instances, are elegantly trimmed with a contrasting fabric such as velvet.

For softer contours at the hipline, pert flare is sometimes achieved by a double layer of fabric. Sometimes neatly cuffed pockets accent the hip or little jeweled buttons provide rounded contour emphasis.

Shoulders are natural in effect with just the slightest hint of padding to give them good form and lead into sleeves that

may be generously bloused then nipped at the cuff, casual three-quarter full sleeves that push-up or possible jaunty loose buttoned sleeves.

Skirts, carrying on the Fall suit theme of variety and individuality, come slim as a reed but thoughtfully eased for walking with pleats restricted to the hemline; with a swingy fullness kept in line by lining stiffening or puffed out with petticoats; or with a graceful front flare and stright tailored back.

### SLIMMER FURS TO BE OFFERED

No matter the fur—mink or muskrat, sable or squirrel—this Fall it will have a casual easy-going air made luxurious by the addition of contrasting color furs, velvet bandings and collars, elegant braiding and glittering jet buttons.

Shortie, three-quarter and full-length coats will be accompanied in the fur fashion pa-

## MODELS VIEW 'YOUTH' STATUE

CARVED IN REDWOOD by Sculptor Carroll Barnes, symbolical statue of "youth," one of numerous attractions at California State Fair is viewed by youthful models in preparation for opening day ceremonies which will center on huge figure. Rated one of best fairs in California's history, monster spectacle starts in Sacramento August 30, runs total of 11 days. (International)

rade with little pieces, such as brief jackets with just the merest suggestion of a sleeve, stoles and boleros, all perfectly in keeping with the new casual mood of furs.

To achieve an all-over effect of softness, coat flares have been carefully modified. Typical is a full-length coat, absolutely flat at front and back, accented with giant patch pockets that dramatize the otherwise straight lines.

In many instances the cuffs are designed to be folded back by the wearer to any desired depth and often the sleeve can be pushed up or down in a jaunty manner.

Collars, featured for Fall '51, are popular in very small versions such as petal loop, tiny chin hugging and cardigan styles. When a larger collar design is featured it is usually convertible.

Fur fashion news stemming from within comes from the vibrancy of the lining. For here, every fabric is utilized from silk rep to tweed and the colors and patterns these fabrics are featured in may vary from glamorous iridescent shades to warm orange tones; from small prints to bright plaids.

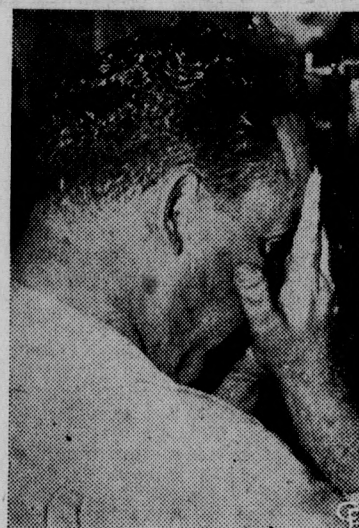

## Local Sailor Wins Navy Citation

Roy E. Warden, aviation machinist's mate airman, U. S. Navy, husband of the former Donna Bennett of 57 Windsor Lane, has received a meritorious mast and personal commendation from Capt. A. D. Fraser, USN, commanding officer of the seaplane tender, USS Corson, operating in the Western Pacific.

Warden, while acting as a member of the Corson's boat crew, aided in rescuing survivors of a patrol bomber crash. This heroic action was completed without regard to highly inflammable aviation gasoline present in the area.

The commander of Fleet Air Wing One also added his personal congratulations to the boat crew for a job "well done."

## Jailed in Scandal

HIDING face as he is booked on charge of bribery in 1950 college championship basketball game in New York, Jack Rubenstein, Brooklyn fruit peddler, goes to jail. (International)

## R. H. Witter Promoted in Japan

Richard H. Witter has received promotion to the rank of Sergeant. He is stationed with the 240th Division at Sendai, Japan. His mother is Mrs. Patricia Witter of 169 N. Mountain Trail.

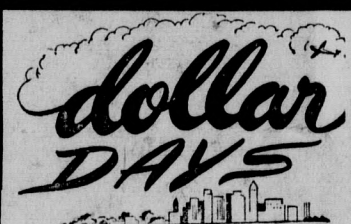

Sgt. Witter has received another honor recently; the award of a gold cup for the designing of a model airplane. The prize was awarded for scale, starting and direction. Between 50 and 60 competed in the contest.

Sgt. Witter has been in the service eleven months.

## Searchlights OK'd For Dollar Days

Three giant searchlights will help proclaim Sierra Madre's Dollar Days next Friday night. The searchlights were authorized for the Kersting Court area by city councilmen Tuesday. Permission was voted subject to the approval of Chief of Police Gordon G. McMillan as to location, and provided there is no city liability for injury.

Dollar Days are scheduled for Thursday, Friday, and Saturday, Sept. 6, 7, and 8. All local stores will be open Friday evening.

### Fishing Trip Idea Backfires

J. A. Gadd, 6 W. Sierra Madre boulevard, and two friends thought they had a good idea last week when they pooled their money for a fishing trip. Between them, they amassed \$110 which was placed in a cardboard box in preparation for the trip. So far, so good. But the angling trio's plans went a little sour when they had gone only a few miles. It was then that Mr. Gadd remembered the all-important cash. A hasty call to the Sierra Madre Police Department proved too late.

When Officer Travis arrived at Mr. Gadd's home, the cardboard box and the \$110 were gone from the running board of one of the cars they had left behind. The chagrined sportsmen ruefully explained that

### Cable Sings In Quartet At USA Base

Camp Roberts' own harmony quartet, the "Humsters," includes one Sierra Madre soldier, Cpl. Charles D. Cable, son of Mrs. James M. Cable, 205 San Gabriel Court.

All members of the 7th Armored Division Band, the men recently participated in the San Luis Obispo County Fair at Paso Robles.

Other members of the vocal quartet are Sgt. 1st Class Dick Johnston of Hollywood; Sgt. Julius Dorz of Cleveland, Ohio; and Sgt. Gene Knoll of Bakersfield.

the cash had been placed on the running board "just for a few moments" before the trip was to start.

## GOOD HEALTH

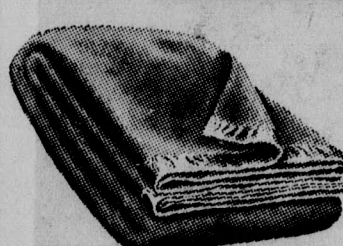

Answer to Question No. 1: 1. Measles is a virus disease which usually is spread by coughing or sneezing—before the skin eruptions appear and have indicated the nature of the ailment. Direct contact with a person who is coming down with measles is the usual mode of transmission. Between exposure and first symptoms, a week to ten days will elapse.

Answer to Question No. 2: 2. More women than men receive dental treatment in the United States each year. Fourteen women visit the dentist for every ten men. A total of 60,000,000 persons in the nation received some type of dental treatment during 1949.

Answer to Question No. 3: 3. Fewer child patients are hospitalized today for several reasons: they are protected from disease by preventive measures such as immunization, well-balanced diets, better sanitation and improved health knowledge on the part of their parents. With infants there is much less incidence of intestinal disorders because of improved knowledge of diet. The use of sulfonamides and antibiotics in the early stages of disease has also reduced the need for child hospital beds.

4—SIERRA MADRE NEWS

THURSDAY, SEPT. 6, 1951

## POOCH LICENSE DEADLINE NEARS

The Police Department reminded Sierra Madrans this week that all dog licenses expired July 1 and the "grace period" until Oct. 1 is running out.

A penalty fee of \$2 will be added onto the cost of each license after the Oct. 1 deadline. Before then, the regular dog license fees are in effect—\$2 for males and spayed females, and \$4 for females.

## Martha Raye Play Running

For the first time in six years, California theatergoers have a chance to see in person the fabulous singing comedienne, Martha Raye, who is playing the title role of "Annie Get Your Gun" at the outdoor Greek Theater.

"Annie Get Your Gun" is the fifth and final musical production in Gene Mann's sixth season as producer at the Greek Theater in Griffith Park, Los Angeles. Co-starring with Miss Raye is Ray Middleton.

## FASHIONS FLATTER THE TALLER GAL

Particularly flattering to the tall woman are new Fall fashions. For contrary to last season's sheath slim lines, newest gracefully full skirts tend to make the least of the distance between waist and ankle.

The present flurry of king sized buttons, generously flapped and asymmetrically placed pockets, full flared collars, big lapels and bat winged sleeves, dramatically cuffed, all serve to cut the length of the torso, says Peg Newton who designs especially for the taller woman. Even jewelry is scaled to tall girl dimensions this Fall. Its big, chunky, dramatic, center of interest pieces are in perfect proportion to the tall girl's super footage.

## Utility Poles Re-Routing Under Way

Work of re-routing the telephone poles away from the Sierra Madre business district is "well under way," and actual removal of the downtown poles should be completed by December.

At least the California Water and Telephone Company's phase of the project will be finished by then. Ralph Dutro, district manager of the company, pointed out that the utility poles will have to remain until the other two companies using them also are ready for their removal.

Glenn B. Watson, city director of public works, has indicated however, that the Southern California Edison Company and the Pacific Telephone and Telegraph Company both are "working along" with the project and should be finished at approximately the same time.

Work of the CW and T right now is centering around the erection of substitute poles and cables for the area. One cable will extend from Baldwin to Auburn, most of the distance on Montecito. Another cable is planned for south of Sierra Madre boulevard. This will pass behind Roberts Market and the Sierra Madre Hotel.

## Kiwanis Club Election Set

Kiwanis Club members will elect a new board of directors at their regular meeting of Tuesday, Sept. 11.

President Charles A. Skutt announces that six seats on the board will be filled from the election.

The club's "absentee ballots" for members who expect to be absent election day may be obtained at next Tuesday's luncheon meeting. Mr. Skutt explained.

Thurs., Fri., Sat.

## DOROTHY DIGS in the garden

BERRY BUSHES are tough prey to MITES and SPIDERS which keep berries from ripening evenly. Leave them unripe on one side while they ripen on the other. These enemies have gained strength because of the over-use of DDT and other products in the chlorine chain against which I have given previous warnings. So, now you must give your BERRY BUSHES extra assistance to make their crop in the form of a clean-up spray with CALSUL. Even if you have already sprayed them once this season, I advise you not to let them break into the blooming period without spraying again. You shouldn't spray Berry Bushes or Fruit Trees while in blossom because you destroy cross-pollination which decreases setting of fruit, so you've got to PREVENT as much infestation as you can. CALSUL IS THE RIGHT MATERIAL TO USE. Lime and Sulphur (polysulphide) blended with oil in the form of a beautiful stable Emulsion as it is in CALSUL is the perfect answer to your problem. And CALSUL is all in one bottle—Economic—SAFE—and it won't stain wood or concrete surfaces. If you've had Thrips on your berries, add a little Destruxol PYRETHONE to your diluted CALSUL. Since CROWN ROOT ROT is a menace to plants of cane structure, why not take the added precaution of drawing a little soil away from the roots (especially when we seem due for a little sunshine) and leaving them exposed, just to warm and dry their "feet." Then spray the roots with KOP. PERSOL before covering them up again with soil? FREE: Our Berry Bulletin is yours for the asking.

DESTRUXOL CORPORATION, LTD.  
Pasadena 1, California

## Group Collects Scrap Metal

Householders who would like to get rid of old stoves, hot water heaters, toys and other discarded metal were asked today to call the Volunteers of America.

F. D. R. Moote, president, of 689 W. Sierra Madre boulevard, said the Volunteers is cooperating in an emergency effort to build up dwindling supplies of scrap steel needed in the nation's defense program.

At the same time, the collection and processing of such materials gives work to elderly and handicapped men and women in the Volunteers' Industrial Department. Old clothing, rags, magazines and other items also are needed, Mr. Moote said.

A call to the V of A will bring a salvage truck to your door. Sierra Madre residents should dial SYcamore 6-3435.

## Traffic Lure Traps Driver

Sierra Madre's favorite "traffic lure" trapped another motorist last week.

For running the stop sign at Baldwin and Sierra Madre boulevard, and for speeding, George J. Oeltman, 215 E. Laurel, Arcadia, was politely asked to ante \$20 into the city's coffers.

CRUSADE LEADERS—Gen. Frank S. Ross, left, campaign chairman for the 1951 Crusade for Freedom, who will coordinate the drive in Los Angeles County, checks display material with Southern California Chairman C. B. Tibbitts as plans are readied for launching enrollment of freedom scroll signers. During World War II, Ross served as chief transportation officer for Gen. Eisenhower in European Theatre.

## New Feminine Teen-Age Fashions More Adaptable To Her Changing Needs

It's a sophisticated touch borrowed from French designs and combined with the downright practical, fresh and crisp tastes of America's youth-minded designers that make teen clothes for Fall and school pert, feminine and more than ever adaptable to her varied days.

Fabrics team together in exciting duets. Like the wool skirts completely lined with rustling taffeta or knitted accents, with a hand-made look, that take shape as yoke dress tops, turtle necks and novel sweater bands.

Drapes that jut or flow fluidly, detachable aprons in both dress-up and casual fabrics and perky peplums play tricks on skirts with a natural silhouette.

Sleeves balloon out or offer a pleasing natural shoulder line. While colors are a-bloom in a whole range of vibrant autumn tones such as orange, smoky grey, chocolate brown and deep purple.

ENSEMBLES  
Versatile separates continue in popularity with many newly

added fashion attentions for the coming season. For instance, there are four-piece ensembles that include a skirt, blouse, jacket and reversible stole in warm contrasting colors. There are bare-top blouses and shimmering silk blouses, rounded hipline skirts with bright cotton trims or trumpet flounces of whispering taffeta at the hemline.

Dresses go "convertible" with suit-type tailored jackets or perky boleros that remove to reveal a decolette bare-arm dress-up frock. In sheath silhouettes they invite the addition of a giant plaid shawl, gossamer stole or just-like-real fur belt to make it right for the occasion. Or styled as jumpers with high straight-across necklines or scooped-out necklines their versatility lies in their ability to be worn with or without a blouse.

SNUG LININGS  
Coats are new from inside out. Most feature snug pile, quilted or wool linings, often in a compelling contrasting color or plaid.

Curly poodle cloths, deep alpacas and soft fleeces offer exhilarating texture to new coats and have captured the teen fashion scene in carefully modified pyramid silhouettes, shirt-type styles with perfectly rounded necklines and no collar at all, classic storm coats and slimmed boxy styles, finger-tip or full length and debonair with deeply cuffed plaid sleeves or full, full sleeves that push up.

Corduroy becomes the favored fabric for on and off campus teen wear. This year, in a wider wale, offering real news in colorful checks and even tweedy effects. And in glamorous plain tones, such as gold, periwinkle blue, red and purple for separates and demure pastel tints of pink, blue, yellow, green and rose for special event fashions.

Flannel, wool jersey, the worsteds (both all wool and rayon), softest velveteens and the whispering fabrics for dress-up like faille, taffetas and heavy slipper satins, are also expected to merit the attention of teen-agers in quest of Fall fashions.

## COLUMN FROCK BASIC 'MUST'

Soft simplicity of unbroken line marks the new basic dress silhouette designed for versatile costume effects this Fall.

It's the "column" dress, softly feminine when interpreted with smooth drape effects, touches of shirring or tiny cascades of pleats.

Simplicity makes this frock really versatile, and calls upon a woman's ingenuity to create from it, the varied moods and modes she desires.

Formal and informal effects are achieved with ease by adding a detachable pleated or gandy apron or gold-shot stole.

## FIRE FLAMES

Principal aim of this column is to create a fire consciousness among residents. Another purpose is to keep an interest among members of the fire department.

It is therefore necessary to mention some of the things that happen in fire fighters' circles. Not the circles under the eyes, but those circles in which we run around.

"This true, only a slap-happy person would be silly enough to be a volunteer fire fighter, but we enjoy it. There are times when it is doubtful whether two or more will evade fistuffs. Such never occurs and the doubt remains.

In order to make the drills and meetings a pleasure, we must act and do things somewhat out of routine. Fun is produced by constant friendly irritation of another.

Razzing the wrong fellow at the wrong time happens occasionally. It does him little good to declare himself. He gets no sympathy. If he continues to growl, he is only forced by motion to pay more into the "Cuss Can." He may be cross about it today and be the guy to provoke another tomorrow. That's the way it goes.

This column has been asked by Chief Jim to express the thanks of both he and Mrs. Heasley for the wonderful silver wedding gift presented to them by the men and women of the fire department.

As a complete surprise, the chief was handed a beautiful fully-wrapped gift while he presided at the last regular business meeting of the firemen. Mrs. Heasley smiled from ear to ear when the package was brought home and opened by her. She said that the gift, a very pretty salad bowl and utensils, was exactly what she needed and she promised to do her best to prepare a salad of supreme quality for the fire families some time in the near future.

Men of the fire department hope for a speedy recovery of Brother Fireman Bob Thomas' little boy.

In the meantime, let's stay at work to keep the FIRES OUT.

### C. Lauren Maltbys Enjoying Family Reunion This Week

Jeanne Maltby has returned to her home on Lowell avenue after a summer counselling at Vashon Island near Seattle, Wash. She will resume university work at Berkeley for her junior year.

Accompanying her home was her sister and husband, Mr. and Mrs. Robert Rogers, nee Joan Maltby, of Berkeley, for a vacation at the home of their parents, Mr. and Mrs. C. Lauren Maltby. Mrs. Rogers has been engaged to teach third grade at Concord, Calif., not far from Berkeley.

### Howard Lets Public 'In' On Oil Theory

Arthur P. Howard, 30 Suffolk, has an interesting theory regarding where to find black gold—oil.

And Mr. Howard should know. The prominent rose grower reportedly has been "quite successful" in the oil industry.

Last week, in an interview with the Los Angeles Times, Mr. Howard let the public in on his "simple and foolproof" plan for divining oil.

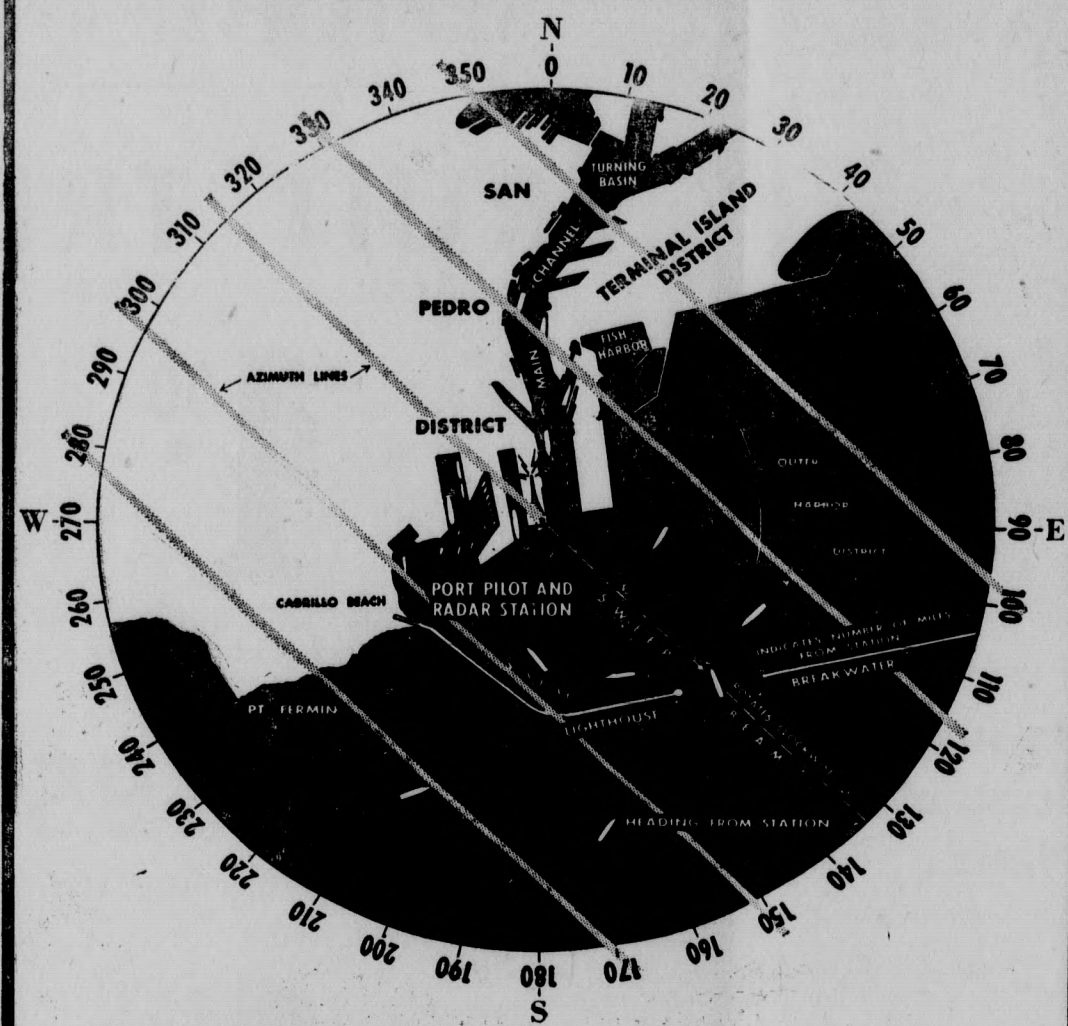

"Stake your claim in nurseries, brickyards, and cemeteries," he was quoted as saying. "If you go by past history—at least where Southern California is concerned—you're bound to find oil in any one of those three places."

Mr. Howard calls it "lucky coincidence." Nurseries found that plants do better on small rises since drainage is good and chances of frost damage are less. Cemetery owners seek ground that is well-drained and not likely to be residential; and brick makers want land where the "alluvial deposits have been washed off and clay is close to the surface."

(Editor's note: Hmmm! Wonder if one of our local nurserymen is willing to sell.)

# Dollar Days are Bargain

## LOS ANGELES HARBOR RADAR INSTALLATION

Drawing above shows the large 12 1/2 inch radar scope with the harbor and breakwater clearly outlined. The rotary azimuth (diagonal lines) can be turned to give bearing and correct course for any ship target within 40 miles of scanner.

**L. A. HARBOR NEW IRON 'EYE' MAKES IT SAFEST WORLD PORT**—Operation of Los Angeles Harbor's new \$300,000 radar-radiotelephone system makes this \$100,000,000 port world's safest under fog conditions. Harbor Commission President Ralph D. Sweeney said the system will save shipping companies \$1,000,000 annually in ship delays and stevedoring costs. Harbor pilots are directed to vessels and vessels to berths by radar and back-pack walkie-talkies.

## SCENE OF ECHARD NOVEL LAID IN SIERRA MADRE

BY ISABEL STRADLEY

"The Return of Christopher," by Margaret Echard. It is seldom we have the pleasure of reviewing a book whose characters move about Sierra Madre and Pasadena.

But Margaret Echard has written more than one story mentioning Sierra Madre, which she knows well, and writes of affectionately. She has done it once again, in this her latest novel.

"The Return of Christopher" tells an extraordinary story of a man who was a seeker after the truths of life. He sees his ideals crumble to dust, learns life's lessons from bitter teachers, and finally finds himself facing an empty road without faith or hope, or courage.

Christopher is a strong man, but all his life he has been at odds with his family, his heritage and himself. He has accepted only the scientific principle in place of God. Agnosticism appealed to him because it seemed to offer the only pattern of thought free from intolerance.

When everything falls him, his happy marriage helps him prepare for the challenge of war. When he returns, the struggle he has been through has matured and enriched him.

This struggle and his honest effort to find himself, and his way back to God and faith, is an absorbing one. In the end he embarks on the greatest adventure of his life.

There is faith and beauty in this book—it is well worth while.

If you drink—don't drive.

## R. E. Henze Receives Ph. D. At Purdue

Robert E. Henze, son of Mrs. Carl Henze, 91 East Laurel, received the doctor of philosophy degree during commencement exercises recently at Purdue University, Lafayette, Indiana.

Dr. Henze prepared his Ph. D. thesis in chemistry. He will assume his new duties this fall as assistant professor of chemistry at Purdue.

The Sierra Madrean completed his undergraduate studies at Miami University (Ohio), where he won membership in Phi Beta Kappa, national honorary scholarship society, during his junior year—a feat considered outstanding in academic circles. Dr. Henze also earned his master of science degree at Purdue.

Mrs. Henze, his mother, owns Peg's Restaurant at 24 W. Sierra Madre boulevard.

Read "Fire Flames" and keep the FIRES out.

## MOVE TO SAN MARINO

The Chas. Stephens' of 500 Santa Anita Court have sold their home and moved to San Marino.

Another poor guess—I guess I can beat him to the intersection.

## Pared Down Hats Appear For Autumn

It's the narrower, more moderate dimensioned hat for the well-dressed man, this Fall, according to a prediction by the Hat Research Foundation.

And with the narrow brim goes a new crown effect; moderate in height, slightly tapered, and often worn with slight center crease, but minus the usual front dent. This style, according to the Foundation, presents an altogether neater dressier effect.

Although manufacturers have created the new narrow brim

styles, which men prefer for business and dress wear, they haven't forgotten for one minute the old saying, "all work and no play makes Jack a dull boy."

For now, more than ever, there are hats for town and country leisure wear. There are special finishes that encourage casual shapings, and also harmonize perfectly with sporty tweed suits and topcoats.

And, too, as in women's fashions, there's a revival of the '30's best seller, the sponge-finish hat which offers the wearer a rugged, rural look. Many of these boast of colorful bands, which highlight any well-enslaved outfit.

Another interesting fashion note is the new importance western hats are taking for ac-

tive sports and country wear. These are now available, for the first time, in real colors, including pinks, blues and yellows.

In keeping with the trend to color, the number one fashion choice for dress hats this season, the Foundation claims, is blue. As well as all-blue hats, there are blue bands featured on grey hats, creating the illusion of a blue cast to the whole hat.

Yes, this year more than ever before, whether for business, dress or leisure hours, there is a hat to reflect every personality and the mood of every occasion.

## New Fine Art School Opens

Pasadena School of Fine Arts, 314 S. Mentor avenue, will open tomorrow, Sept. 7, with a reception and an exhibition of

works by its faculty members from 8 to 11 p.m.

Frode N. Dann, director, and Katherine Skeele Dann, who built the new studios, will be on the faculty, which also includes Ejnar Hansen and Ruth Kempster, painters of national recognition, and Frederick Monhoff, widely-known architect

and teacher of design.

The faculty exhibit will be open to the public daily from 10 a.m. to 5 p.m., Sept. 8 to 14. Day and night classes in various phases of art will begin Monday, Sept. 17.

## Dr. Gilbert Traces Change In Medicine

By ROY O. GILBERT, M.D.  
County Health Officer

The passage of half a century brings many changes. In so far as medicine and public health are concerned, these changes have been all to the good.

The town pump on a hot afternoon, the old covered bridge on a rainy afternoon, the cider mill on a crisp Fall day, the glowing hard coal burner on a below-zero night, and a throng of other pleasant memories sometimes give mature individuals nostalgic longings—but these are not shared by the old family doctor.

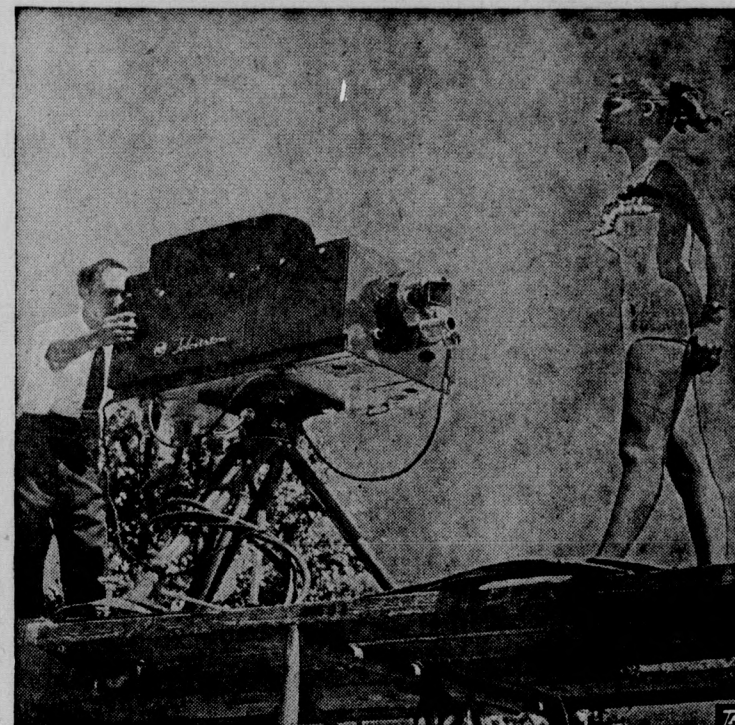

His memories of those early days are filled with the tragedies caused by such diseases as whooping cough, smallpox, diphtheria and tetanus. Now easily controlled, just a few years ago these scourges were among the greatest killers of infants and children.

A child's immunization program should begin in infancy, but it is well to remember that a single immunization does not give life-long immunity. The protection wears off in a few years and, for that reason, a child entering school for the first time should be re-vaccinated against smallpox and receive a booster dose of diphtheria toxoid in order to ensure the maximum protection.

Today it is generally true that the death of a child from one of these diseases is unnecessary. Protection, in the form of immunization, is available to all children throughout the length and breadth of the land. Immunization programs conducted by school systems, health departments and family physicians strive to make life healthier and safer for the growing youngster. Should a child die from one of these diseases, it is probably due to negligence on the part of the individuals responsible for the child's welfare.

Active immunization to many diseases is acquired through

## Color TV Ready for Action

Joan Kayne is shown before a mobile color television camera at the Palisades Amusement Park pool in New Jersey. Such outdoor pickups of aquatic action were a special feature of field tests of the RCA all-electronic, compatible color television system which began in New York during July. Owners of standard television sets in the metropolitan New York area were able to receive the color telecasts as high-quality black-and-white pictures without installing expensive adapters or other contraptions because of the compatibility of the system. At a date to be announced, RCA plans to send color programs to other cities in network operation via radio relay stations or coaxial cable.

## Here's News for The Fall Sportsman

Whether he likes to take his sports actively or sitting down, there's lots of interesting news for the Fall '51 sportsman in both the fabric and design of clothes made especially for action.

Slacks suitable for tennis,

golfing or just plain brisk Fall hiking are cut with adjustable rear tabs and extended waist bands for extra stretch, plus ample knee room for proper swing. They are also cut short, ending just above the shoe upper for unhampered footwork. Sport shirts, too, some in hand-detailed knits, are designed for unrestrained movement while long sleeved gabardines with convertible collars have the added feature of an action back.

Jackets for the outdoor man are usually made of nylon combinations to outwit the elements and dry in a hurry. Zip-front lumberjack styles are still popular with the linings getting dressed up for '51 with bright plaids, satin quilting and sheared lamb, sometimes repeated on the collar.

There's fisherman's luck, this season, for the man who loves his rod and reel. He can step into specially designed waders made of a plastic that is claimed to be practically indestructible.

To top the sportswear picture this Fall, novelty knit sport caps in bright colors will cross the golf greens and go hiking. The more conservative will choose a folding hat of lightweight, waterproof fabric that stows away in a pocket when not needed.

Drive Carefully, Save A Life!

## Protests Kill Split Request

A lot-split request of J. T. Rallsbach, 309 E. Sierra Madre boulevard, was denied by the Planning Commission Thurs., Aug. 23.

The Rallsbachs wanted to divide their property with access to the rear plot by a 14-foot easement along the west edge of the lower side. They also wished to know if they could build two houses on the rear plot which they said has an area of 15,330 square feet.

Protests were read from Mr. and Mrs. Lester K. Layton, 291 E. Sierra Madre boulevard and J. M. Schmidt, 290 E. Montecito. The Laytons objected because of the "very close proximity" to their yard of these houses, and the fact that their privacy would be eliminated. Principal objection to the proposal, the Laytons explained, would be the "distant loss of value of our property."

The elimination of privacy would have the same effect as changing the area to a multiple zoning district, they pointed out.

Mr. Schmidt denounced the crowded condition which he said would result from the lot split and stated that he built his home on the understanding that there never would be a house built there.

The request was denied in view of the protests presented.

## R. J. Irvine Found Dead At His Home

Robert J. Irvine, 55, was found dead Thursday, Aug. 30, lying across a bed in his home at 694 Brookside Lane.

Police said his death occurred some time between Sunday, Aug. 26, and the time his body was found by a co-worker in the Los Angeles County Engineers Department.

Ray C. King, civil engineer, said he phoned Mr. Irvine's home "several times" when he failed to report to work all week. When he went to the Sierra Madrean's house to check, Mr. King said he found him lying dead.

There were no signs of a struggle or foul play, according to local police. A brother of Mr. Irvine, Gilbert Potter Irvine of Los Angeles, was notified and stood by with Mr. King until the body was removed to the coroner's office by Grant Chapel. A sister and son of the deceased also were notified and were coming here to make funeral arrangements.

Going somewhere? Call the NEWS.
